

## Summer Gymnastics Program

### 2021

In today's society there is a need for physical activity in the development of young people. A program of regular exercise is absolutely necessary for your child to grow and develop into a healthy and fitter member of the community. We use English, Putonghua and Cantonese as the communication media. Children are grouped into different classes according to their ages and level. Through games and activities, children can learn team spirit, develop a positive learning attitude and strengthen their penetration, gratification and satisfaction. The course matches with the primary physical education syllabus.
